

Alabama Independent School Association

2010-2011

ACADEMIC HIGHLIGHTS

And

ATHLETIC HIGHLIGHTS

**“Focusing on Excellence
in**

Academics, Athletics, Accreditation”

MISSION STATEMENT

The Alabama Independent School Association's mission is to serve independent schools in the state of Alabama by providing its member schools with educational and corporate services and programs focusing on excellence in academics, accreditation and athletics. Member schools have voluntarily joined the AISA and follow the guidelines and standards in order to provide a quality school program.

EDUCATIONAL BELIEFS

Because the prime concern of the Alabama Independent School Association is the continuing need to improve educational programs for students served by its schools; the accreditation standards are characterized by the following beliefs:

- I. AISA schools must be staffed properly and equipped to provide quality educational opportunities from kindergarten through the senior year.
- II. Academic programs must be of the highest caliber and comparable to or surpass other non-public schools in the state.
- III. Children and youth can learn and schools must continually seek the most effective means to enhance and maximize opportunities to learn.
- IV. Concerned parents will continue to search for schools with traditional values where their children can achieve academically in a safe environment.
- V. Quality instruction truly makes a significant difference in learning, and success comes only from dedicated teaching and hard work by teachers and students.
- VI. A school's prime resources are people and time, and each must be used wisely.
- VII. Effective administrative leadership is the key to a successful educational program.
- VIII. AISA schools are responsible for providing a curriculum that will allow students to pursue higher education, but will never forget the students who seek vocations.
- IX. AISA schools stress the development of each student's leadership potential, attitude regarding fair play, sportsmanship, personal hygiene, self-pride and self-discipline.
- X. AISA schools must establish, implement and monitor a continuous process of educational improvement clearly focusing on student performance.

STANFORD TEN ACHIEVEMENT TEST 2010-2011 HIGHLIGHTS

Students in the Alabama Independent School Association displayed exceptional achievement on Stanford Achievement Test Spring 2011 test results. Test scores indicate that on an average, students in AISA schools score well above the national average in all required four grades (2, 4, 6, and 8) tested by AISA schools. AISA students scored: 20 points (70 percentile) above the national average in the 2nd grade, 22 points (72 percentile) above the national average in the 4th grade, 18 points (68 percentile) in the 6th grade, and 16 points (66 percentile) above the national average in the 8th grade.
